What Does an Airline Senior Discount Mean?

In the context of airlines, the [**KLM senior discount**](#) is [\(+1\) \[855\] \(546\) \[5011\]](#) a specially priced fare that allows travellers who meet a minimum age (often 60+, 65+, or 70+) to fly for less than those who pay regular fares. Such fares are published by

numerous airlines in other parts of the world (e.g., region-specific passes or senior cards).

Does KLM offer a senior discount?

In a nutshell the answer is yes, ☎(+1) [855] (546) [5011] but there are serious limitations. Recent reports claim that KLM does not advertise a universal senior pricing scheme that is available online for every flight. Instead, there are certain paths and circumstances which appear to provide senior citizen discounts.

So, although KLM may offer airline senior citizen discounts (i.e., the discount on the airfare of those passengers who are 65 years old and older on particular itineraries), you cannot be sure that it will be available on each route and each reservation.

How Much Does KLM Airlines' Senior Discount Cost?

- There isn't a set "10% off every flight" regulation because the senior discount isn't a typical advertised rate in every location. Considering the information at hand:

- According to some sites, senior travellers who qualify can save between 10% and 15% off the base ticket.
- Depending on the route, availability, and sometimes fare class, these discounts are applied selectively.
- Similar to many "hidden" senior rates in the airline industry, the discount may only be available if a reservation is made over the phone rather than through KLM Airlines' standard website.

As a result, you may enquire, "Is a senior discount or senior fare available for this route?" when you call or make a reservation with KLM. How much would the reduction be?

What Age and Conditions Apply for Eligibility?

Let's examine the details of KLM's senior discount qualification.

Required age

- As many sources state, the age limit for senior fare/discount of KLM is 65 years of age and above.
- Seniors aged 60 years and above may sometimes be eligible depending on the region or offer; however, this appears to be not as fixed.

How to Proceed If You Are Not Eligible for a KLM Senior Discount?

- You should not rush to the point where you cannot get a senior ticket at KLM; still, you can save big in other ways.
- Be on the lookout for regular promo fares by KLM, which is also listed under their Deals and Flight Offers section.
- Join their Flying Blue reward programme to get miles or watch out for promo rewards.
- In order to achieve cheaper flights, consider other travel dates or other neighbouring airports.
- Use any other airline giving senior discounts (some give up to 10-15 per cent to those aged 65 years and above).
- Make use of a travel agency that specialises in senior travel; they can be aware of unpublished senior fare inventory.
